

OUR COFFEE

We use house roasted specialty grade coffee beans, rated 80 points or higher by the Specialty Coffee Association of America. Our brew bar uses single origin coffee, filter roasted especially for this purpose. We also offer a range of blends and single origin beans for you to purchase to take home in 250g, 500g and 1kg bags, whole or ground for your needs.

Ask your waiter what is on the grind today.

NEW KID ON THE BLOCK 250g \$16 500g \$28 1kg \$48

Created to celebrate the birth of owners Mat & Lee second child, the New Kid On The Block blend is a smooth and delicate blend. Consisting of four beans, there was a lot of tinkering to get the components just right. A delicate sweetness up front of honey and light cacao followed by chocolate, caramel and a sweet blackcurrant aftertaste. Balanced with mild acidity and a crème brûlée finish, New Kid On The Block provides a sweeter, lighter black coffee and when combined with milk produces an elegant cup.

Suitable for espresso, plunger, filter & stovetop - Roast colour: medium - Beans: Peru, Honduras, Brazil & Uganda

BUELLER'S BLEND 250g \$16 500g \$28 1kg \$48

Designed to be an everyday coffee that marries well with milk yet stands along as a black coffee, this three bean blend highlights the best each have to offer. Peru brings delicious flavours of cocoa, dark chocolate and berries whilst Brazil adds sweetness to the mid palate with light toffee and caramel notes, all balanced out with mild stonefruit acidity and sweet honey from the addition of Honduras beans. Sweet toffee notes followed by a full mid palate of dark choc, berries and finishing with a mild acidity with light citrus notes.

Suitable for espresso, strong plunger & stovetop - Roast colour: medium dark - Beans: Peru, Brazil & Honduras

HOUSE PARTY 250g \$16 500g \$28 1kg \$48

Looking for a solid kick in your blend, look no further. The House Party blend has been designed with just that in mind. Perfect for black coffee with that traditional espresso body but still mild enough to not have delicate fruits lost in the roasting process. This blend works great with milk with its full body and sweetness as well. A spicy, deep flavour of milk chocolate, toffee with sweet berry notes. Well balanced with a full body and mild citrus notes that flow to a lingering low acidity finish.

Suitable for espresso & stovetop - Roast colour: medium - Beans: Colombia, Peru, Honduras
